Proposal 2:**Matter Concerning Partial Amendment to the Articles of Incorporation (System for Electronic Provision)****1. Reasons for Amendment of the Articles of Incorporation**

The amendment stipulated in the proviso of Article 1 of the Supplementary Provisions of the Act for Partially Amending the Companies Act (Act No. 70 of 2019) will come into effect on September 1, 2022. The Company intends to change the Articles of Incorporation to prepare for the introduction of a system for the electronic provision of materials for General Meetings of Shareholders

- (1) Article 16, Paragraph 1 of the proposed amendment provides that the Company shall take measures for the electronic provision of information related to the content of reference documents, etc., for General Meetings of Shareholders.
- (2) Article 16, Paragraph 2 of the proposed amendment will establish provisions to limit the scope of matters to be included in the documents to be delivered to shareholders who have requested the delivery of such documents.
- (3) The provisions related to internet disclosure and deemed provision of reference documents for General Meetings of Shareholders, etc., (Article 16 of the current Articles of Incorporation) shall be deleted as they are no longer necessary.
- (4) In accordance with the new provisions and deletions above, the Company shall establish supplementary provisions regarding effective date, etc.

2. Details of Amendment

The details of the amendment are as follows.

(underline indicates amended text)

Current Articles of Incorporation	Proposed Amendment
<p><u>Article 16 (Internet Disclosure and Deemed Provision of Reference Documents, etc. of General Shareholders Meetings)</u></p> <p><u>When the Company gives notice that a general shareholders meeting will be held, if the Company discloses information that is to be indicated in reference documents of the general shareholders meeting, business reports, accounting documents and/or consolidated accounting documents through the Internet in accordance with the provisions prescribed by the ordinance of the Ministry of Justice, it may be deemed that the Company has provided this information to shareholders.</u></p>	<p>(deleted)</p>

Current Articles of Incorporation	Proposed Amendment
(new provision)	<p><u>Article 16 (Measures for Electronic Provision, Etc.)</u> <u>When convening a General Meeting of Shareholders, the Company shall take measures to provide the information contained in reference documents for the General Meeting of Shareholders, etc., via electronic means.</u></p> <p><u>(2) The Company may elect to omit all or part of the matters related to the electronic provision of information in documents to shareholders who have made a written request by the record date for voting rights as provided for in the applicable Ordinance of the Ministry of Justice.</u></p>
(new provision)	<p><u>(Supplementary Provisions)</u></p> <p><u>Article 1 The deletion of Article 16 (Internet Disclosure and Deemed Provision of Reference Documents, etc. of General Shareholders Meetings) of the Articles of Incorporation before amendment and the establishment of Article 16 (Measures for Electronic Provision, etc.) of the Articles of Incorporation after amendment shall become effective as of the date of enforcement of the amended provisions provided in the proviso of Article 1 of the Supplementary Provisions of the Act for Partially Amending the Companies Act (Act No. 70 of 2019) (the "Enforcement Date").</u></p> <p><u>2. Notwithstanding the provisions of the preceding paragraph, Article 16 of the Articles of Incorporation before amendment shall remain in force with respect to General Meetings of Shareholders to be held on a date within six months from the Enforcement Date.</u></p> <p><u>3. These Supplementary Provisions shall be deleted after six months have elapsed from the Enforcement Date or after three months have elapsed from the date of the General Meeting of Shareholders set forth in the preceding paragraph, whichever is later.</u></p>

Proposal 3:

Matter Concerning Partial Amendment to the Articles of Incorporation (Convocation of Meetings of the Board of Directors and Chairperson)

1. Reasons for Amendment of the Articles of Incorporation

In order to maintain and improve the Board of Directors’ functions of independent and objective supervision of management, a director previously designated by the Board of Directors will convene meetings of the Board of Directors, which also will be chaired by that director.

2. Details of Amendment

The details of the amendment are as follows.

(underline indicates amended text)

Current Articles of Incorporation	Proposed Amendment

The contract is scheduled to be renewed under the same terms upon renewal.

Proposal 8:

Matter Concerning Revision to Amount of Director Compensation

At Fujitec Co., Ltd., directors' compensation is composed of the "base compensation" and "transfer-restricted share compensation", which are fixed, and a "bonus", which is variable; at the 60th Ordinary General Shareholders' Meeting held on June 27, 2007, approval was given for a maximum directors' compensation amount of 500 million yen, for the "base compensation" and the "bonus" combined (of which, the annual amount for outside directors is 34 million yen, and from which the employee salaries of employee-directors are excluded), and that amount has applied to date.

The Company would like to raise the maximum outside directors' compensation to an annual maximum amount of 550 million yen (of which the annual amount for outside directors would be 100 million yen; the employee salaries of employee-directors are excluded from this amount), with the aim of increasing the number of outside directors and providing for the selection of a convener and chairperson of meetings of the Board of Directors in order to expand supervisory functions in conjunction with the expansion of business, in anticipation of "Vision 24", the Company's medium-term business plan, and to maintain and improve the directors and Board of Directors' function of independent and objective supervision of management, and otherwise continuing to expand and give additional vitality to the duties of outside directors going forward.

If Proposal 5, "Election of 10 Directors", is approved as originally proposed, the number of directors will increase from the nine (currently) to ten (including six outside directors).

In addition, the Company has established policies for deciding details of individual director compensation as described in Company's Business Report (pages 46-47 below), and this proposal is in line with such policies. Even if this proposal is approved, the Company does not intend to change the policies in question, and the Company believes that the details of this proposal are appropriate.

1. Matters Concerning the State of the Corporate Group

(1) Business progress and results

a. Management environment and business development

Despite concerns about the reemergence of COVID-19 infections, the global economy began to recover generally throughout the consolidated fiscal year ended March 31, 2022 owing to widespread vaccinations. Meanwhile, the economic recovery in Japan slowed due to the spread of a mutant COVID-19 variant and the weakness of the yen. In addition, semiconductor shortages, soaring resource costs, and other factors contributed to rising uncertainty about the global economy.

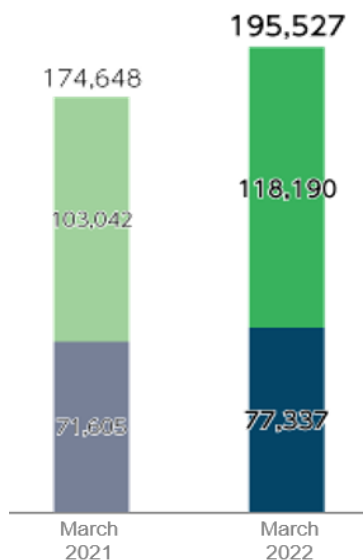

The global elevator and escalator market saw increased demand for new installations in most regions, a recovery in demand due to economic recovery. In China, growth was strong over the first half of the year, slowing in the second half due to sluggish real estate development investment. Our maintenance business, which provides maintenance for elevators and escalators, experienced continued strong performance.

Amid these circumstances, the Fujitec Group continued efforts to prevent the spread of infectious diseases by placing the highest priority on the safety and security of employees and other related parties. In terms of business, we remain committed to providing reliable maintenance business services, which are a part of the social infrastructure, while expanding the *AirTap* series which operates the elevator through touchless command and strengthening other products and services that meet the needs of the new normal. In addition, we have endeavored to promote priority business areas to implement our Future Strategic Direction, announced in December 2020. In our focus on the Aftermarket business, we launched a specialized organization to strengthen our structure for pursuing business from development to maintenance in our Service Business. We also expanded our product lineup by developing new modernization package products that offer superior safety and environmental performance. In Business expansion in growth markets, we focused on the markets of China and South Asia. Here, we enhanced systems for conducting business in each region and improved cost competitiveness, mainly through global standard models. We completed the construction of a factory extension and new research tower in India to supply products to the growing South Asian market. In this way, we are establishing an integrated system that extends from R&D to production. In Increase profitability, we endeavored to expand global procurement and reduce manufacturing costs through automation for global models. At the same time, we used information technology such as design simulators and RPA to reduce labor hours and improve service quality.

As a result of the matters discussed above, the Fujitec Group recorded business performance for the consolidated fiscal year ended March 31, 2022, as described below.

Total order backlog amounted to ¥224,179 million (up 6.2% year on year), consisting of domestic order backlog in the amount of ¥72,840 million (up 7.2%) and overseas order backlog in the amount of ¥151,338 million (up 5.8%; down 0.9% after excluding the impact of foreign exchange).

Both net sales and income for the current fiscal year under review increased compared with the previous year due to an economic recovery. Total net sales amounted to ¥187,018 million (up 10.3%), consisting of ¥72,983 million in domestic net sales (up 5.1%) and ¥114,034 million in overseas net sales (up 13.9%; up 6.8% after excluding the impact of foreign exchange). Operating income amounted to ¥13,777 million (up 3.7% year on year), while ordinary income amounted to ¥15,713 million (up 7.4%), mainly due to the contributions of dividend income and foreign exchange gains. Profit attributable to owners of parent amounted to ¥10,835 million (up 16.7%).

In the Japanese market, our New Installation business saw fewer orders for hotels and other lodging facilities. However, orders for offices and stores rose due to contracts for large-scale projects, driving growth in new installation orders. The Aftermarket business experienced ongoing firm demand for modernization projects, which performs upgrades for existing elevators and escalators, and maintenance business, which services and maintains elevators and escalators.

In the Japanese market, our New Installation business saw fewer orders for hotels and other lodging facilities. However, orders for offices and stores rose due to contracts for large-scale projects, driving growth in new installation orders. The Aftermarket business experienced ongoing firm demand for modernization projects, which performs upgrades for existing elevators and escalators, and maintenance business, which services and maintains elevators and escalators.

In overseas markets, new installation orders in East Asia increased in China, Hong Kong, and Taiwan. In South Asia, orders for new installations decreased in Singapore and Indonesia. However, the Aftermarket Business in Singapore and new installations in India increased. In North America and Europe, orders increased for modernization projects, repairs, and other Aftermarket Business services in America, while orders for new installations decreased. In Canada, orders rose for both new installations and Aftermarket Business services. New installations increased in the U.K.

In terms of product development, we won the Good Design Award 2021 for *AirTap*, which allows touchless elevator operations. In addition to designs for wheelchair panel operation, we added design-conscious button variations capable of meeting the needs of hotels, shopping centers, and other facilities seeking original looks. We launched a new service offering for elevator modernization, developing specialized equipment that reduces lead time by up to 40%. By replacing the drive and control units critical to operation, we improved the basic functions of the elevator. We can also add the latest in functionality, including *AirTap* and remote automated inspections. In terms of escalator modernization, we introduced a *Three-Step Renovation*, conducting construction in three steps that allow us to shorten the shutdown period of the equipment. *EverFresh*, which irradiates escalator handrails with ultraviolet light for sterilization, demonstrated strong performance during the period.

As a result of the matters discussed above, the Fujitec Group recorded business performance for the consolidated fiscal year ended March 31, 2022, as described below.

b. Segment information by corporate group location

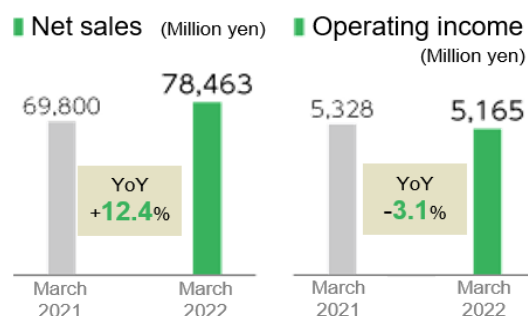

The following information highlights segment performance by location for the consolidated fiscal year under review:

Japan	Net sales ¥75.5 billion	Operating income ¥5.4 billion	Sales composition ratio 38.2%	
--------------	-----------------------------------	---	---	---

Net sales amounted to ¥75,556 million (up 5.1% year on year) driven by progress in large-scale projects, etc., with an associated increase in new installations and modernization projects, as well as ongoing firm maintenance performance. Operating income amounted to ¥5,440 million (up ¥110 million), despite lower profitability in the New Installation Business due to rising costs, including soaring raw materials prices, and an increase in provision for losses on construction contracts. However, the Aftermarket Business recorded firm operating income results.

East Asia	Net sales ¥78.4 billion	Operating income ¥5.1 billion	Sales composition ratio 39.7%	
------------------	-----------------------------------	---	---	---

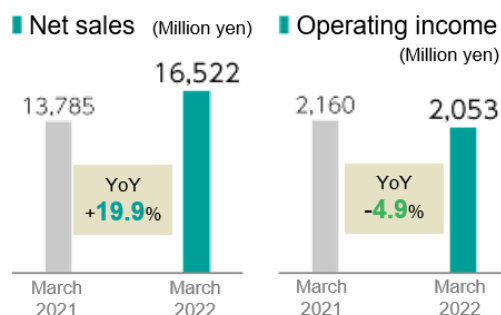

Net sales amounted to ¥78,463 million (up 12.4% year on year; up 4.0% after excluding the impact of foreign exchange) due to an increase in modernization projects and other Aftermarket Business work in Hong Kong, an increase in new installations in Hong Kong due to the progress of large-scale projects, and growth in the Aftermarket Business in China, including exports to Japan, the Middle East, and South Asia, maintenance, and repair work. Operating income amounted to ¥5,165 million (down ¥163 million year on year). This result was mainly due to rising raw materials costs, etc., leading to lower profitability of new installations in China, despite improved profitability due to higher maintenance rates in the Hong Kong Aftermarket business, and improved profitability in Taiwan owing to a decrease in provision for losses on construction contracts for large-scale new installation projects.

South Asia

Net sales
¥16.5 billion

Operating income
¥2.0 billion

Sales composition ratio
8.4%

Net sales amounted to ¥16,522 million (up 19.9% year on year; up 14.6% after excluding the impact of foreign exchange). Sales decreased for new installations in Singapore and Malaysia, and increased in India and Indonesia. Sales also increased in Singapore in the Aftermarket Business, mainly for maintenance and repairs. Operating income amounted to ¥2,053 million (down ¥106 million yen year-on-year) due to lower profitability in Singapore and Malaysia, which was caused by an increase in provision for losses on construction contracts related to new installation projects.

North America and Europe

Net sales
¥27.1 billion

Operating income
¥1.1 billion

Sales composition ratio
13.7%

Net sales amounted to ¥27,186 million (up 15.9% year on year; up 11.2% after excluding the impact of foreign exchange). This result was due to a decrease in sales of modernization projects in the U.S., offset by growth in new installations, maintenance and repairs. In the U.K., sales increased in the Aftermarket Business. Operating income amounted to ¥1,128 million (up ¥626 million year-on-year) thanks to the positive contribution of increase in net sales in the Aftermarket Business and lower selling, general and administrative expenses in the U.S.

(Note) Figures for net sales, operating income, and sales composition ratios are before segment adjustments. Segment adjustments amounted to ¥(10,711) million in net sales and ¥(10) million in operating income.

(2) Capital Investment and Financing

During the consolidated fiscal year under review, the Fujitec Group conducted a total of ¥3,879 million in capital investment. Of this amount, ¥2,106 million of capital investment was conducted within the Company, while ¥1,773 million of capital investment was conducted at consolidated subsidiaries.

(3) Issues to be Addressed

The company has steadily implemented the initiatives described in Fujitec Future Strategic Direction announced on December 4, 2020. Considering the global megatrends causing changes in the business environment, we announced a new three-year medium-term management plan, Vision24 Fujitec Medium-Term Management Plan (FY2022 - FY2024) in December 2021. In March 2022, we published supplemental disclosure of Vision24 explaining specific measures and capital policies to improve management transparency. We will increase our market share by expanding our New Installation and Aftermarket Businesses as described in Vision 24. And ensure that we improve our profitability by expanding sales and promoting cost reductions. Through these efforts, we will continue to provide safe and reliable products to people around the world for sustainable enhancement of our corporate value in the global market. Vision 24 Action Guidelines emphasize the following four points:

- Sales Strategy : Cultivate and delve deeper into new markets and customers by expanding our product lineup
 - Product and Technology Strategy : Develop and launch strategic models in collaboration with each location
Strengthen development of environment-friendly products
 - Production and Operations Strategy : Achieve cost reforms through procurement and the introduction of next generation technologies in collaboration with each location
 - Corporate Strategy : Strengthen capital policy and governance structure
Establish a system to implement group strategies
- We are engaged in the following sales strategy initiatives to expand our domestic market.
- Expand New Installation Business sales of the standard XIOR model and enhance name through the completion of large-scale projects
 - Improve profitability in the Aftermarket Business by capturing demand for modernization and expanding sales of modernization products
 - Strengthen collaboration between the New Installation Business and the Aftermarket Business to develop new customers

In the global market, we will pursue the following regional sales strategies, focusing on the Aftermarket Business in mature markets and the New Installation Business in growing markets

- Improve brand power in the Chinese market and expand sales of standard models by winning large-scale projects
- Expand domestic/overseas supply and sales networks in the Indian market
- Grow maintenance volume by marketing modernization products In East Asia, the Americas, and Europe

- We are pursuing the following initiatives under our product and technology strategy to strengthen market competitiveness through introducing products that match the maturity level of the market in each country.
 - Develop next-generation standard models and reduce costs in growth markets
 - Introduce new maintenance service options and expand of modernized product lineups in mature markets
 - Ensure even greater levels of safety and security; improve operational efficiency through next-generation remote maintenance

- Under production and operations strategy, we strive to increase profitability through the following initiatives.
 - <Design, procurement, and production innovations>
 - Reduce costs by pursuing global procurement
 - Improve labor productivity in production operations
 - Reduce design and manufacturing labor-hours by expanding the lineup of standard models

 - <Installation cost innovations>
 - Reduce costs through the development of installation equipment and methods
 - Increase efficiencies and reduce costs through greater skill of installations
 - Reduce maintenance costs by improving remote monitoring functions and leveraging the use of IT

- In pursuing our corporate strategy, we will contribute to the creation of sustainable societies through the following initiatives, growing sustainable businesses, improving capital efficiency, and engaging actively in ESG.
 - Active capital investment plans for growth phases and M&A investment in pursuit of growth opportunities
 - Pursue a capital policy of maintaining a sound financial foundation supporting business growth, improving asset efficiency, and continuing to purchase treasury stock
 - Improve corporate governance further through ongoing efforts to enhance the effectiveness and transparency of the Board of Directors
 - Define a sustainability policy and establish a sustainability promotion system
 - Establish KPIs and disclose materialities as ESG information; engage in TCFD-compliant disclosure

While the response to COVID-19 has differed country to country, the outlook for mitigation remains unclear. Further, concerns have emerged regarding the economic fragmentation and rising resource prices apparent in the wake of the Russian invasion of Ukraine. Amid these concerns, we face an environment in which the future of the elevator and escalator market is unpredictable.

Under these circumstances, we will endeavor to improve corporate value by executing Vision24, recently announced, in a steady and consistent manner.

(3) Remuneration of Directors and Members of the Audit & Supervisory Board for the Current Fiscal Year

a. Matters concerning resolutions of the general meeting of shareholders for remuneration of directors and members of the Audit & Supervisory Board

At the 60th Ordinary General Meeting of Shareholders, held on June 27, 2007, shareholders approved remuneration for company directors up to an amount of 500 million yen per annum (of which, the annual amount for outside directors is 34 million yen, and from which the employee salaries of employee-directors are excluded), and approved remuneration for members of the Audit & Supervisory Board up to an amount of 60 million yen per year. As of the resolution at the Ordinary General Shareholders' Meeting in question, Fujitec had nine directors (three of whom were outside directors) and three members of the Audit & Supervisory Board.

Separate from this monetary remuneration, a resolution was passed at the 74th Ordinary General Meeting of Shareholders held on June 22, 2021 to grant restricted stock compensation to the Company's directors (excluding outside directors) in accordance with the activities of their duties and their contribution to the Company's business performance, etc. The amount of restricted stock compensation and the number of shares to be granted shall be no more than ¥100 million per year (not including employee salaries for directors who also serve as employees) and no more than 200,000 shares per year. With this resolution, the stock compensation-type stock option plan approved at the 66th Ordinary General Meeting of Shareholders held on June 25, 2013 (under which stock acquisition rights shall be issued at an annual amount not exceeding ¥100 million) was abolished, except for those shares already granted. As of the conclusion of the Ordinary General Shareholders' Meeting in question, Fujitec had four directors (excluding outside directors).

b. Matters concerning policies for deciding details of individual director compensation

In regard to its policy for decisions on systems related to director compensation and agenda submission to the General Meeting of Shareholders, the company shall make decisions with a resolution of the Board of Directors, the membership of which independent outside directors shall comprise more than half, with a basic policy of providing incentives for working to improve the corporate value of the company on an ongoing basis, as well as of encouraging a greater sense of shared value with shareholders. An overview of this decision-making policy is as follows.

- (i) For performance-linked remuneration (bonuses) and remuneration other than performance-linked (base remuneration and the granting of restricted stock-based compensation), performance of duties and contribution level to business performance shall be evaluated at a target ratio of approximately 1:2.
- (ii) For fixed monthly monetary remuneration, base remuneration paid to each director shall be calculated in consideration of examples at other companies, as well as in consideration of the responsibilities, activity status, etc., of each individual director.
- (iii) Restricted stock shall be granted to each Director according to the activities of his/her duties and his/her contribution to Company performance, etc. Shares will be issued at the price, time, and under the terms determined by a resolution of the Board of Directors.
- (iv) To motivate directors to improve performance in the short to medium term, bonuses for performance-linked remuneration to be paid within four months after the end of the current fiscal year shall be determined based on operating income of the previous fiscal year as a performance indicator. The amount to be paid to each individual shall be determined in accordance with the activities of each director in charge and their degree of contribution to business performance, etc.

The table below shows target and actual operating income for each fiscal year from fiscal 2014 through fiscal 2021 (current fiscal year under review). The table also shows the number of directors eligible for performance-linked remuneration and the total amount of remuneration paid.

Operating income (million yen)				Number of Directors Eligible for Performance-Linked Remuneration		Total Remuneration to Directors Eligible for Performance-Linked Remuneration (million yen)

Fiscal 2014 (Period 68)	4,800	5,149	107.3%	Fiscal 2015 (Period 69)	4	142	81	—	4	229
Fiscal 2013 (Period 67)	3,600	4,605	127.9%	Fiscal 2014 (Period 68)	4	142	73	—	19	235

In addition, the details of compensation for individual directors described above have been discussed at a meeting of the board of directors, consisting of a majority of independent outside directors. Further, since February 2021, we have conducted a comprehensive review of said details, including a review by the Nomination and Compensation Advisory Committee on the consistency of decision policies. With due respect given to the content of this report, we have determined that the details described above are consistent with the decision policy in question.

c. Matters concerning delegation of decisions on individual director compensation

Regarding the amount of base compensation and bonuses for each individual director, the Board of Directors, in deciding that the Representative Director and President is the most optimal choice for evaluating each director's performance of duties, level of contribution, etc. with a high-level view of the company's overall performance, has delegated decision-making authority to Takakazu Uchiyama, Representative Director and President. We have also obtained advice and findings from the Nomination and Compensation Advisory Committee regarding the details of these evaluations and decisions, securing their appropriateness and transparency.

d. Total Amount of Remuneration of Directors and Members of the Audit & Supervisory Board

Member of the Audit & Supervisory Board (Outside members, included)	4 (3)	39 (24)	— (—)	— (—)	39 (24)
Total	15	210	78	16	304

(Notes) 1. Amounts paid to directors do not include the portion of salaries representing employee compensation for directors who serve concurrently as employees, nor expenses incurred in directors' execution of duties.

2. The number of directors compensated and the amount of base compensation includes two members retiring as of the conclusion of the 74th Ordinary General Meeting of Shareholders held on June 22, 2021, and the amount of base compensation paid to said member.

3. There is no issuance of stock acquisition rights as a result of stock options (stock acquisition rights) for directors (excluding outside directors) for the current fiscal year under review.

4. As of the conclusion of the 60th Ordinary General Meeting of Shareholders held on June 27, 2007, the company has abolished the directors' retirement benefits system.

5. The amount of bonuses is the provision for director bonuses for the current fiscal year under review.

5. Matters Concerning Financial Statement Auditors

(1) Name Grant Thornton Taiyo LLC

(2) Amount of Remuneration

Classification	Amount of Remuneration
Amount of Remuneration for the Current Fiscal Year	30million yen
Total Amount of Monetary and Non-Monetary Benefits Payable by the Company and its Subsidiaries to the Financial Statement Auditor	30million yen

- (Notes) 1. After submission and reports of necessary materials from the financial statement auditor and related departments within the Company, the Audit & Supervisory Board checks and examines the appropriateness of the contents of the financial statement auditor's audit plan and the performance of financial statement audit duties, as well as the basis for the auditor's calculations made in remuneration estimates. As these checks and examinations have resulted in the Audit & Supervisory Board's determination that these items are appropriate, we have agreed upon a remuneration amount for the financial statement auditor.
2. The audit agreement between the Company and the financial statement auditor does not and cannot classify audit fees for audits under the Companies Act and the Financial Instruments and Exchange Act. Accordingly, we have listed the total fee herein.
3. Fujitec (HK) Co., Ltd. and 10 other substantial subsidiaries of the Company are audited by certified public accountants (or audit corporations) other than the Company's financial statement auditor.
4. Three subsidiaries of consolidated subsidiary Fujitec Singapore Corpn. Ltd., as well as Fujitec America, Inc. and Fujitec Korea Co., Ltd., have paid remuneration of 25 million yen for audit attestation work and remuneration of less than 1 million yen for non-audit work to Grant Thornton, which belongs to the same network as the Company's financial statement auditor

(3) Policy for Determination of Dismissal or Non-Reappointment of Financial Statement Auditor

The Audit & Supervisory Board shall dismiss the financial statement auditor with the consent of all of its members at such time as the financial statement auditor becomes subject to any of the items of Article 340-1 of the Companies Act. In addition, if it is recognized that the financial statement auditor is impeded in the performance of their duties, or if it is deemed appropriate to change the financial statement auditor to improve the appropriateness of audits, the Audit & Supervisory Board shall determine the content of the resolution regarding the selection, dismissal, or non-reappointment of the financial statement auditor.

Audit Opinion

We have audited, in accordance with Article 444(4) of the Companies Act, the consolidated financial statements of Fujitec Co., Ltd. for the period from April 1, 2021 to March 31, 2022, which consist of the consolidated balance sheets, the consolidated statements of income, the consolidated statements of changes in stockholders' equity, and the notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the corporate group consisting of Fujitec Co., Ltd. and consolidated subsidiaries for the period related to the consolidated financial statement in conformity with accounting principles generally accepted in Japan.

Basis of Audit Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility for auditing standards is stated in "Liability of Auditors in Auditing Consolidated Financial Statements." We are independent of the Company and its consolidated subsidiaries and fulfill other ethical responsibilities as an auditor in accordance with the provisions on occupational ethics in Japan. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Information

The other information comprises the business report and the supplementary schedule. Management is responsible for the preparation and disclosure of the other information. In addition, the Audit & Supervisory Board and its Members are responsible for overseeing Directors' execution of duties in the development and operation of the reporting process of the other information.

Our audit opinion on the consolidated financial statements does not cover the other information, and we do not provide an opinion on the other information.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibility of Management, Audit & Supervisory Board and its Members to Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of consolidated financial statements in accordance with accounting principles generally accepted in Japan. This includes the design, implementation, and maintenance of internal control as management determines is necessary for the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for evaluating whether it is appropriate to prepare the consolidated financial statements based on the assumption of a going concern and disclosing such matters if it is necessary to disclose matters related to a going concern based on accounting principles generally accepted in Japan.

The responsibility of the Audit & Supervisory Board and its members is to oversee the execution of the directors' duties in the development and operation of the financial reporting process.

Liability of Auditors in Auditing Consolidated Financial Statements

The responsibility of the auditor is to express an opinion on the consolidated financial statements based on the audit conducted by the auditor, from an independent standpoint, with reasonable assurance as to whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error. A misstatement is deemed to be material when it may occur due to fraud or error and, individually or in the aggregate, it is reasonably expected to affect the decision-making of the user of the consolidated financial statements.

In accordance with auditing standards generally accepted in Japan, the auditors shall make judgments as professional experts through the audit process and carry out the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. We will also design and implement audit procedures to address material misstatement risks. The selection and application of audit procedures are based on the judgment of the auditor. In addition, obtain sufficient and appropriate audit evidence to provide a basis for our opinion.
- Although the purpose of an audit of the consolidated financial statements, etc. is not to express an opinion on the effectiveness of the internal control, in performing the risk assessment, the auditor considers internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Assess the appropriateness of fiscal policies adopted by management and their application methods, as well as the reasonableness of accounting estimates made by management and the adequacy of related footnote matters.
- Conclude whether it is appropriate for management to prepare consolidated financial statements, etc. on a going concern basis and whether, based on the audit evidence obtained, material uncertainties with respect to events or circumstances that raise substantial doubt about the Company's ability to continue as a going concern. In cases where material uncertainty regarding the going concern assumption is recognized, the Company is required to draw attention to the notes to the consolidated financial statements in the audit report, or express an opinion on the matters to be excluded in the consolidated financial statements if the notes to the consolidated financial statements regarding material uncertainty are not appropriate. The auditor's conclusion is based on audit evidence obtained through the date of the audit report, but future events and circumstances may prevent the entity from continuing as a going concern.
- Evaluate whether the presentation and notes to the consolidated financial statements comply with accounting principles generally accepted in Japan, as well as whether the presentation, composition and content of the consolidated financial statements, including related notes, and whether the consolidated financial statements fairly present the underlying transactions and accounting events.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries in order to express an opinion on the consolidated financial statements. The auditor is responsible for directing, supervising and implementing the audit of the consolidated financial statements. The auditor is solely responsible for the audit opinion.

The auditor shall report to the Audit & Supervisory Board and its members the scope and timing of the planned audit, important findings in the audit, including important deficiencies in the internal controls identified in the course of the audit, and other matters required by the audit standards.

The auditor will report to the Audit & Supervisory Board and its members that they have complied with the Japanese Occupational Ethics provisions for independence, and items that are reasonably considered to affect the auditor's independence, and, if safeguards are in place to eliminate or mitigate obstacles.

Interests

The Company and Consolidated Subsidiaries have no interest in the Auditing Corporation or Operating Partners that should be stated pursuant to the provisions of the Certified Public Accountants Act.

Other Information

The other information comprises the business report and the supplementary schedule. Management is responsible for the preparation and disclosure of the other information. In addition, the Audit & Supervisory Board and its Members are responsible for overseeing Directors' execution of duties in the development and operation of the reporting process of the other information.

Our audit opinion on the financial statements, etc. does not cover the other information, and we do not provide an opinion on the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibility of Management, Audit & Supervisory Board and its Members to Financial Statements

Management is responsible for the preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in Japan. This includes the design, implementation, and maintenance of internal controls deemed necessary by management for the preparation and fair presentation of financial statements, etc. free from material misstatement, whether due to fraud or error.

In preparing financial statements, etc., management is responsible for assessing whether it is appropriate to prepare financial statements, etc. based on the assumption of a going concern and disclosing such matters if it is necessary to disclose matters related to a going concern based on accounting standards generally accepted in Japan.

The responsibility of the Audit & Supervisory Board and its members is to oversee the execution of the directors' duties in the development and operation of the financial reporting process.

Liability of Auditors in Auditing Financial Statements, etc.

The responsibility of the auditor is to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, based on the audit conducted by the auditor, and to express an opinion on the financial statements, etc. from an independent standpoint in the audit report. A misstatement is judged to be material when it may occur due to fraud or error and when, individually or in the aggregate, it is reasonably expected to affect the decision-making of users of financial statements, etc.

In accordance with auditing standards generally accepted in Japan, the auditors shall make judgments as professional experts through the audit process and carry out the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. We will also design and implement audit procedures to address material misstatement risks. The selection and application of audit procedures are based on the judgment of the auditor. In addition, obtain sufficient and appropriate audit evidence to provide a basis for our opinion.
- Although the purpose of an audit of the financial statements, etc. is not to express an opinion on the effectiveness of the internal control, in performing the risk assessment, the auditor considers internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Assess the appropriateness of fiscal policies adopted by management and their application methods, as well as the reasonableness of accounting estimates made by management and the adequacy of related footnote matters.
- Conclude whether it is appropriate for management to prepare financial statements, etc. on a going concern basis and whether, based on the audit evidence obtained, material uncertainties with respect to events or circumstances that raise substantial doubt about the Company's ability to continue as a going concern. In cases where material uncertainty regarding the going concern assumption is recognized, the Audit Report is required to draw attention to the notes to the financial statements, etc. or, in cases where the notes to the financial statements, etc. concerning material uncertainty are not appropriate, the Company is required to express opinions on the financial statements, etc. that are excluded. The auditor's conclusion is based on audit evidence obtained through the date of the audit report, but future events and circumstances may prevent the entity from continuing as a going concern.
- Evaluate whether the presentation and notes of financial statements, etc. conform to accounting principles generally accepted in Japan, as well as whether the presentation, composition and contents of financial statements, etc. including related notes, and whether the financial statements, etc. fairly present the underlying transactions and accounting events.

The auditor shall report to the Audit & Supervisory Board and its members the scope and timing of the planned audit, important findings in the audit, including important deficiencies in the internal controls identified in the course of the audit, and other matters required by the audit standards.

The auditor will report to the Audit & Supervisory Board and its members that they have complied with the Japanese Occupational Ethics provisions for independence, and items that are reasonably considered to affect the auditor's independence, and, if safeguards are in place to eliminate or mitigate obstacles.

Interests

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Audit Report

We have audited the directors' performance of duties for the 75th fiscal year from April 1, 2021 to March 31, 2022. The method and result are as follows, and represent a unanimous opinion of all members of the Audit & Supervisory Board resulting from discussions based on audit reports drafted by each member.

1. Audit Method

- (1) The Audit & Supervisory Board established audit policy and division of duties, and received reports from each of its members about audit status and results. The board also received reports from the board of directors, other parties, and the accounting auditor regarding the execution of their respective duties, and asked for explanations as necessary. In addition, the Audit & Supervisory Board met with the president and CEO, exchanging opinions and information on audit issues. The board sponsored three-party audit liaison attended by the Audit & Supervisory Board, the accounting auditor, and the Internal Audit Office. In this liaison, parties reported and exchanged information on the status of their respective audits, strengthening cooperation in audit functions.
- (2) Each member of the Audit & Supervisory Board, in conjunction with the Audit & Supervisory Board Standard and in keeping with audit policy and division of duties, used telephones the internet, or other methods to communicate with directors, the Internal Audit Office, and other employees, striving to collect information and improve the audit environment, conducting audits using the following methods. Regarding cooperation with outside directors, we have made efforts for daily cooperation, including regular information exchange meetings.
 - i. Members attended important meetings, such as those of the board of directors, received reports from directors, employees, and other parties about the status of execution of their respective duties, asked for explanations as necessary, inspected important approval documents and other documents, and investigated the status of operations and assets at the head office and major business locations. Members worked to communicate and exchange information with the directors, auditors, etc. of subsidiaries, receiving business reports from these subsidiaries as necessary. Furthermore, members received reports from the Internal Audit Office about the status of execution and results of audits of major subsidiaries, asking for explanations as necessary.
 - ii. With respect to the system (internal control system) described in the business report that has been established based on resolution of the board of directors, the content of which relates to the establishment of systems as prescribed in Article 100, Paragraphs 1 and 3 of the Ordinance for Enforcement of the Companies Act as a system for ensuring the execution of the duties of directors complies with laws, regulations, and the articles of incorporation, as well as to ensure the propriety of business activities in a group of enterprises consisting of the stock company in question and its subsidiaries, members received regular reports on the structure and operating status of said system from directors, employees, and other parties, asking for explanations and expressing opinions as necessary.
 - iii. With respect to the basic policy and initiatives described in the business report corresponding to Article 118, Item 3, (a) and (b) of the Ordinance for Enforcement of the Companies Act, respectively, the contents of said policy and initiatives have also been examined based on the status of deliberations at meetings of the board of directors, etc.
 - iv. We supervised and examined whether the accounting auditors maintained their independent status to ensure appropriate audit execution. We received reports from the accounting auditors regarding their performance of duties and asked for detailed explanations when necessary. We received notice from the accounting auditors that the "System to assure appropriate business performance" (stipulated in each section of Article 131 of the Rules of Corporate Accounting) as prepared appropriate and complies with "Quality management standard for the audit" (28 October 2005 Company Accounting Council). We requested detailed explanations when necessary. For major matters in the consideration of audits, members held discussions with the accounting auditor, received reports on the status of audit implementation, and asked for explanations as necessary.

In accordance with the aforementioned methods, we have reviewed the business report and supporting schedules, the financial statements (balance sheet, statement of income, statement of changes in net assets and notes to financial statements) and supporting schedules, and the consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets and notes to consolidated financial statements) for the fiscal year under review.

2. Result

(1) Results of the Audit of the Business Report

- i. We confirm that the business report and the supplementary schedules represent the Company's status in accordance with the law and articles of incorporation.
- ii. We did not recognize any serious facts about acts of dishonesty regarding director execution of duties or violation of the law or articles of incorporation.
- iii. We confirm that the resolution of the board of directors regarding the internal control system is appropriate. Furthermore, we have noted no special points to mention regarding the business report and director execution of duties.
- iv. There are no special matters to mention regarding the Basic Policy on Management Control described in the business report. Furthermore, the "Measures to prevent decisions on Company financial and business policies from being controlled by persons who are inappropriate in consideration of the Basic Policy on Management Control" (initiatives corresponding to Article 118, Item 3, (b) of the Ordinance for Enforcement of the Companies Act) are recognized as being consistent with this Basic Policy, that such is not detrimental to the common interest of Company shareholders, nor is such intended to protect the status of Company officers. As described in the Basic Policy on Management Control, the board of directors resolved at a meeting held December 4, 2020, to discontinue the policy against large-scale purchases of company shares (takeover defense measures), such discontinuation to take effect as of the conclusion of the Ordinary General Meeting of Shareholders to be held in June 2022.

(2) Results of the Audit of Financial Statements and Supplementary Schedules

We confirm that the methods and results of the audit conducted by Grant Thornton Taiyo LLC were appropriate.

(3) Results of the Audit of Consolidated Financial Statements

We confirm that the methods and results of the audit conducted by Grant Thornton Taiyo LLC were appropriate.

Expansion of Shareholder Benefit Program

The Company adopted a shareholder benefit program, *Fujitec Premium Benefit Club*, aiming to increase the attractiveness of investment in Company shares and to encourage shareholders to hold Company shares over the medium to long term. Shareholders holding 200 or more shares of Company stock as of the last day of March are eligible to receive shareholder benefit points, which can be exchanged for more than 5,000 different products or donated to public benefit corporations such as environmental NGOs and international NGOs through the Fujitec Premium Benefits Club.

In light of the shareholding status among our shareholders, we have changed the criteria for granting shareholder benefit points. Now, shareholders who hold 200 or more shares of our stock as of the end of March 2022 will be eligible for points as described below. Our aim here is to further increase the attractiveness of investment in the Company.

No. of Shares Held	Points Granted		
	Initial Year	Between Two and Five Years, Continuously	Five Years and More, Continuously
200-299 shares	3,000 points	3,300 points	3,800 points
