

**Major Bulk Order (33<sup>rd</sup> term contract) for 300 Elevators Received  
from the Housing & Development Board of Singapore (HDB)**

Fujitec Singapore Corpn. Ltd. (Head Office: Bedok South Avenue, Singapore; Managing Director William Wong), a group subsidiary of FUJITEC CO., LTD. (Head Office: Shiga Prefecture, Japan; President and CEO Takao Okada), has recently received a major bulk order for about 300 residential elevators from the Housing & Development Board of Singapore (hereinafter referred to as “HDB”).

Image of the HDB flats

The HDB 33rd Term Housing project is for new homes across the public housing estates island wide and to be completed in the next four to five years. The order covers about 300 elevators, including high-speed models, to be installed in high-rise residential buildings with 30 floors or more.

To date, Fujitec Singapore has delivered a cumulative total of about 20,000 units to the HDB, consisting of new installations and replacement projects, since the first order for 2,000 elevators in 1972. In recent years, Fujitec Singapore has been actively involved in the Lift Enhancement Programme (LEP) with HDB and the Town Councils to provide additional safety features such as Double Brake on existing elevators to enhance the safety.

The Singapore Government has been implementing a full-fledged public apartment policy since 1972. At present, more than 80% of the people of Singapore live in various types of apartments supplied by the HDB.

Through this project, Fujitec Singapore will contribute to the urban development of Singapore. Fujitec Group aims for further global business expansion under our medium-term management plan Vision24.

### About Fujitec Singapore
