Notice of Revisions to Dividend Forecasts

Please be notified that Fujitec Co. Ltd has made the following revisions to dividend forecasts that were announced on May 11, 2012, according to the resolution at the meeting of the board of directors that was held on March 18, 2013.

1. Reason for revisions to dividend forecasts

For profit distribution, management's priority is the enhancement of return of profits to our shareholders and a basic policy for making distributions is set, considering the balance of internal reserves for the long-term stability of the corporate structure.

As for a year-end dividend for the year ending March 31, 2013, commemorative dividend will be increased by 2 yen per share to be 4 yen per share based on the notice of revisions to consolidated business forecasts for the year ending March 31, 2013 that was announced on February 8, 2013. Accordingly, we would like to revise a year-end dividend to 10 yen per share, which consists of ordinary dividend of 6 yen and commemorative dividend of 4 yen.
