Fujitec Co., Ltd.

**Notice Regarding Change in Representative Director**

Fujitec Co., Ltd. hereby announces that, at the Annual General Meeting of Shareholders held today and the subsequent meeting of the Board of Directors, a resolution was passed regarding a change in Representative Director.

Effective today, Yuji Ichimura has been appointed Representative Director and President. Masayoshi Harada, who previously served as Representative Director and President, has stepped down as a Director and will continue to support the company as an Honorary Advisor. This change has been implemented as part of efforts to strengthen the company's organizational structure to support mid- to long-term growth and enhance corporate value. The Board of Directors will proceed with the process to identify a Representative Director and President who will lead the company's long-term development, with the aim of completing this process within fiscal year 2026.

There are no other changes to the Board of Directors or executive structure in connection with this matter, and there will be no impact on business continuity or relationships with customers and business partners.
