

Building name	Location	Completion	Total units
Madison Square Park Tower	New York, U.S.A.	2018	Elevator 3

Madison Square Park is one of New York's lively parks. Madison Square Park Tower is a 63-story building very close to it.

Fujitec supplied three elevators to the tower. The elevator boarding area has a luxurious feel even in comparison to the calm ambiance of the building's interior. The door, buttons and plates in the boarding area are all bronze in tone, producing a more high-class feel.

Owner	Plaza Construction LLC
Architect	Martin Brudnizki Design Studio/ Jenkins & Huntington Inc.
Contractor	Goldstein, Hill & West Architects, LLP
