

Hotel Vic on the Harbour Hong Kong is along the coast of the North Point district of Hong Kong. North Point is a popular area where up-and-coming fashion brands, food and culture come together. The hotel, which consists of two buildings, has about 670 guest rooms overlooking Victoria Bay and the townscape of Hong Kong.

Fujitec supplied 19 elevators and six escalators to the hotel. The gorgeous ambiance of the gold-tone elevator boarding areas makes the refined atmosphere of the hotel stand out even more.
