Location

Singapore

Completion

2017

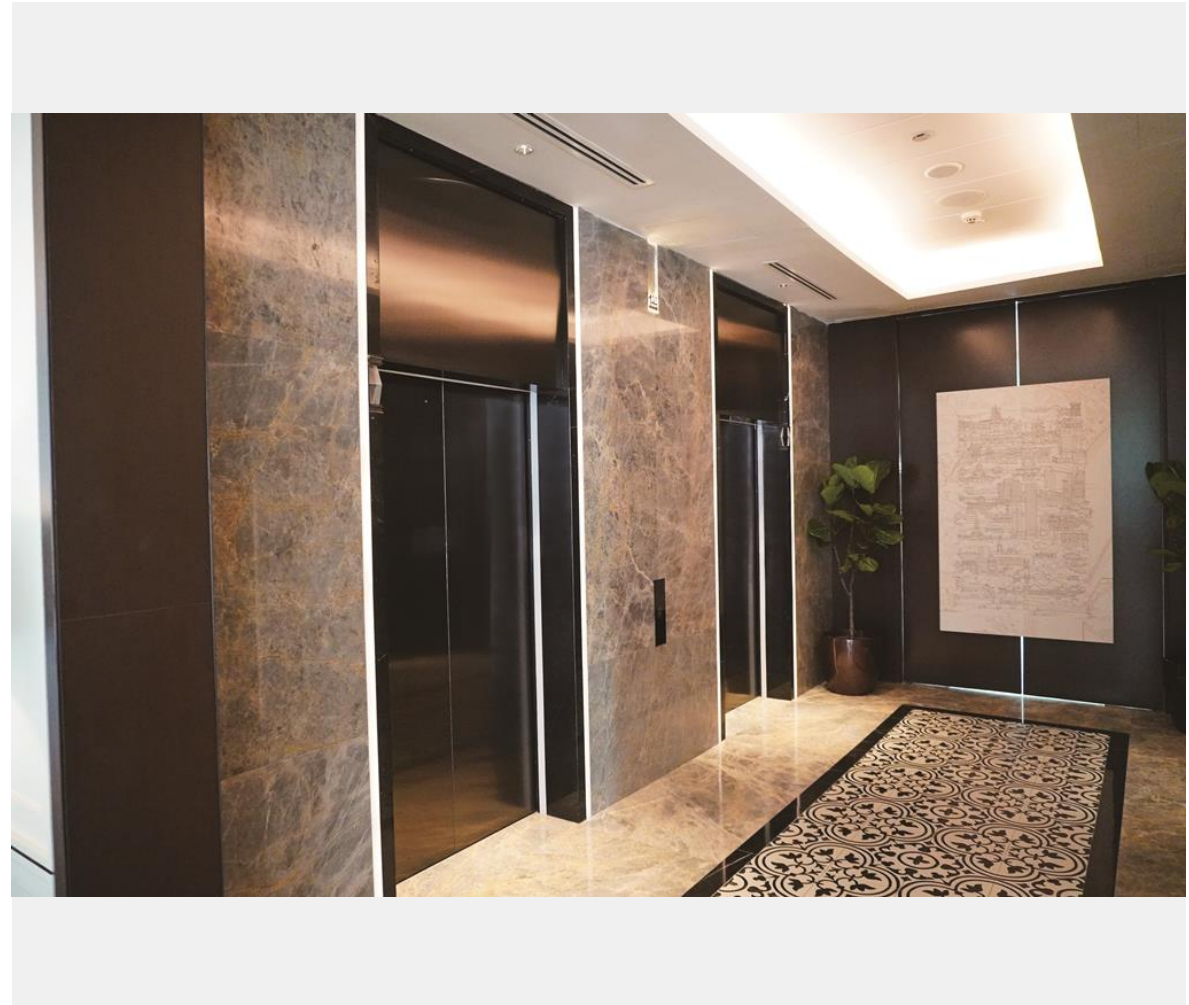

Total units

Elevator	9
Escalator	4

This is a hotel project with existing Fujitec elevators that have been totally replaced with new Fujitec elevators, and to which has been added new escalators at the newly built podium block.

The new podium block is a commercial area housing various businesses that cater to the needs of hotel guests.

The new technology used in Fujitec elevators here is a car position indicator on the car operation board using a touch-screen LCD panel to replace the conventional LCD panel.
