

Cross Gate Kanazawa adjacent to the west gate of the Kanazawa railway station is a complex facility composed of residential and hotel areas as well as commercial area where various restaurants and retail shops gather.

This facility is the gate of Kanazawa prefecture. It is known as a crossover point of people, events, and things, and familiar as a gathering spot for local people and tourists.

The commercial area on the first and second floors is laid out with the concept of "Premium Food and Restaurants," which means that the food and restaurants originate in Kanazawa prefecture and are distributed to various places.

In this commercial area, six (6) units of Fujitec escalators are operating. The escalators installed in the atrium have illumination under their handrails. Such illumination raises the presence of Fujitec escalators.
