

Building name

K-Arena Yokohama / Hilton Yokohama / K-Tower Yokohama

Location

Kanagawa Prefecture

Completion

2023

Total units

Elevator 26
Escalator 4

Yokohama's fascinating base, where the creative power of art and culture is integrated with urban development, is Music Terrace. This Music Terrace, has one of the world's largest music arenas, K-Arena Yokohama, a remarkable international hotel, Hilton Yokohama, and a prominent office building, K-Tower Yokohama. It is one of the symbolic places of Yokohama.

K-Arena Yokohama, the center of Music Terrace, is a music arena with a capacity of approximately 20,000 people. In these facilities, Fujitec installed five (5) elevators and four (4) escalators. The interior design of the elevators is chic and dignified. The escalators have blue lights under their handrails making people feel the image of Yokohama Harbor.

Meanwhile, the building with the beauty of Art Deco architectural style that brings about the atmosphere of Yokohama is Hilton Yokohama. This building has twenty-six (26) floors above ground and one (1) basement. Fujitec installed ten (10) elevators. Stone tiles are laid on the elevator floors. Black mirror and deeply embossed materials with textures contrasting with the mirror are integrated over the elevator walls. Such decoration of the elevator floor and walls creates a high-class and luxurious atmosphere.

In addition, K-Tower Yokohama is an office building where people can enjoy the riverscape from their floors. In this office building, Fujitec installed seven (7) elevators. The spacious elevator lobby has beautiful decorations and designs. A sense of fun and a fascinating atmosphere are created throughout the building.

As another remarkable feature, Fujitec installed four (4) elevators in the pedestrian deck connecting the above three (3) buildings.
