

Building name	Location	Completion	Total units
Children's Hospital of Philadelphia Ambulatory Care Center	Philadelphia, U.S.A.	2015	Elevator 17

This prestigious children's hospital is one of the leading pediatric centers in the United States. There are many curving lines in both the exterior and interior designs tracing arcs.

Many other designs provide the facility with uniqueness and warmth. For example, children's palm-print patterns decorate the glass wall of the elevator car interior.
