

"The Sail" consists of two super high-rise condominium buildings located in the Marina Bay area in Singapore.

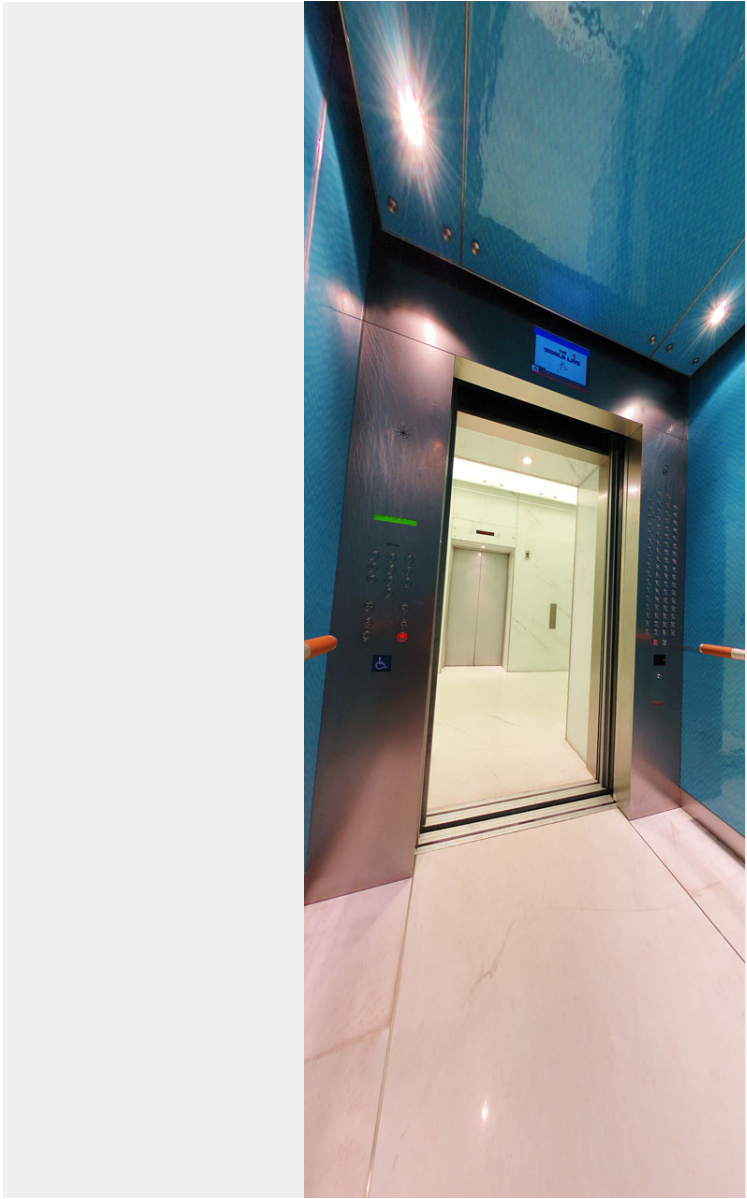

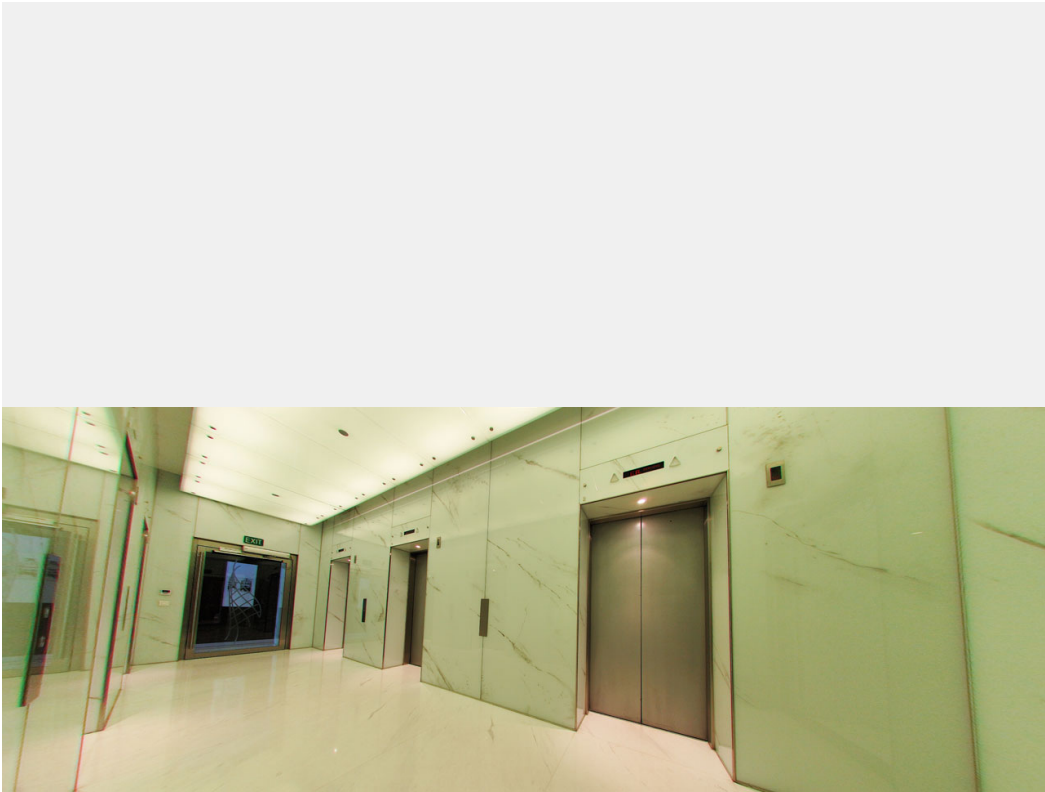

The 245-meter tall and 70-story buildings are designed with an image of a ship's sail in mind, and so features a gently curved appearance as a symbolic design.

These two buildings are served by 15 Fujitec elevators including the 360 mpm high-speed models and 10 Fujitec escalators. The elevator cabs are designed with an image of the sea and the sky and have a beautiful blue-tone design.

Owner	City Developments Limited and AIG Global Real Estate
Architect	NBBJ and Team Design Architects Pte. Ltd.
Contractor	Dragages Singapore Pte. Ltd.
