

Building name

Livingston Place Twin Towers

Location

Calgary, Canada

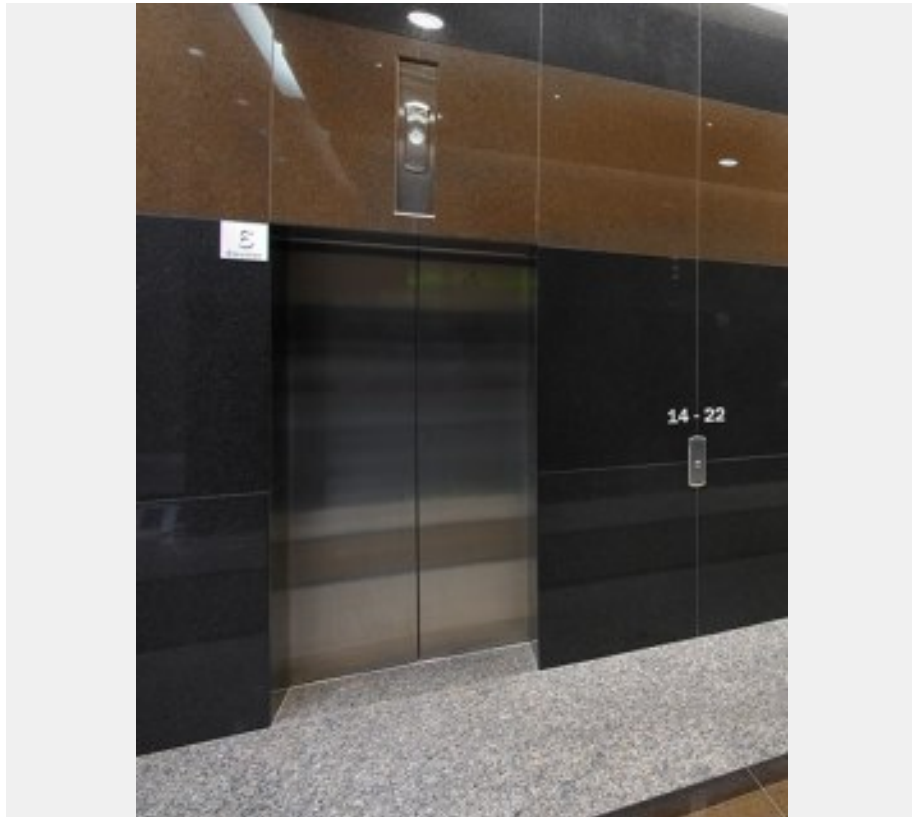

Completion

2007

Total units

Elevator 24  
Escalator 4

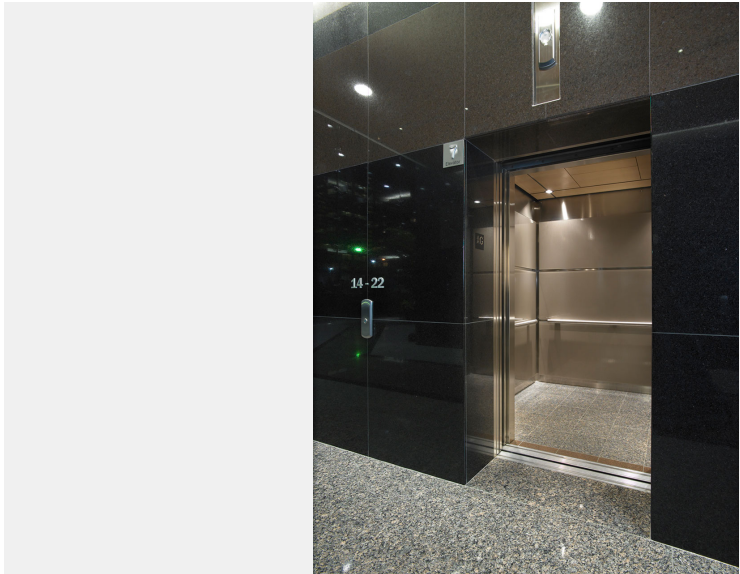

Livingston Place Twin Towers are first-class office buildings located in downtown Calgary, the largest city in the Province of Alberta. The two 22-story buildings are served by 24 Fujitec elevators and four escalators. Polished natural stone panels and tiles and stainless steel are extensively used for the exterior finish of the elevator landings and cab fixtures, creating an elegant atmosphere. Gracefully-designed escalators in the atrium create a sophisticated image, which is helpful to accentuate the high-class image of the office buildings.

Owner	Bentall Real Estate Services Co., Ltd.
