The Shanghai Stock Exchange Building rises high over the financial district of Pudong, Shanghai City, China.

The building, with 28 floors above ground and 3 below, is one of China's high-profile national projects. It is occupied primarily by the offices of the Shanghai Stock Exchange, which is Shanghai's "Face of Revolution & Liberalization."

In this building, Fujitec installed 16 escalators and 22 elevators including high-speed models up to 240 mpm.

The state-of-the-art Fujitec brands are highly acclaimed and are well-matched for this full-scale, "intelligent building" that stands at the center of the Chinese economy.
