Harajuku, Tokyo

Completion

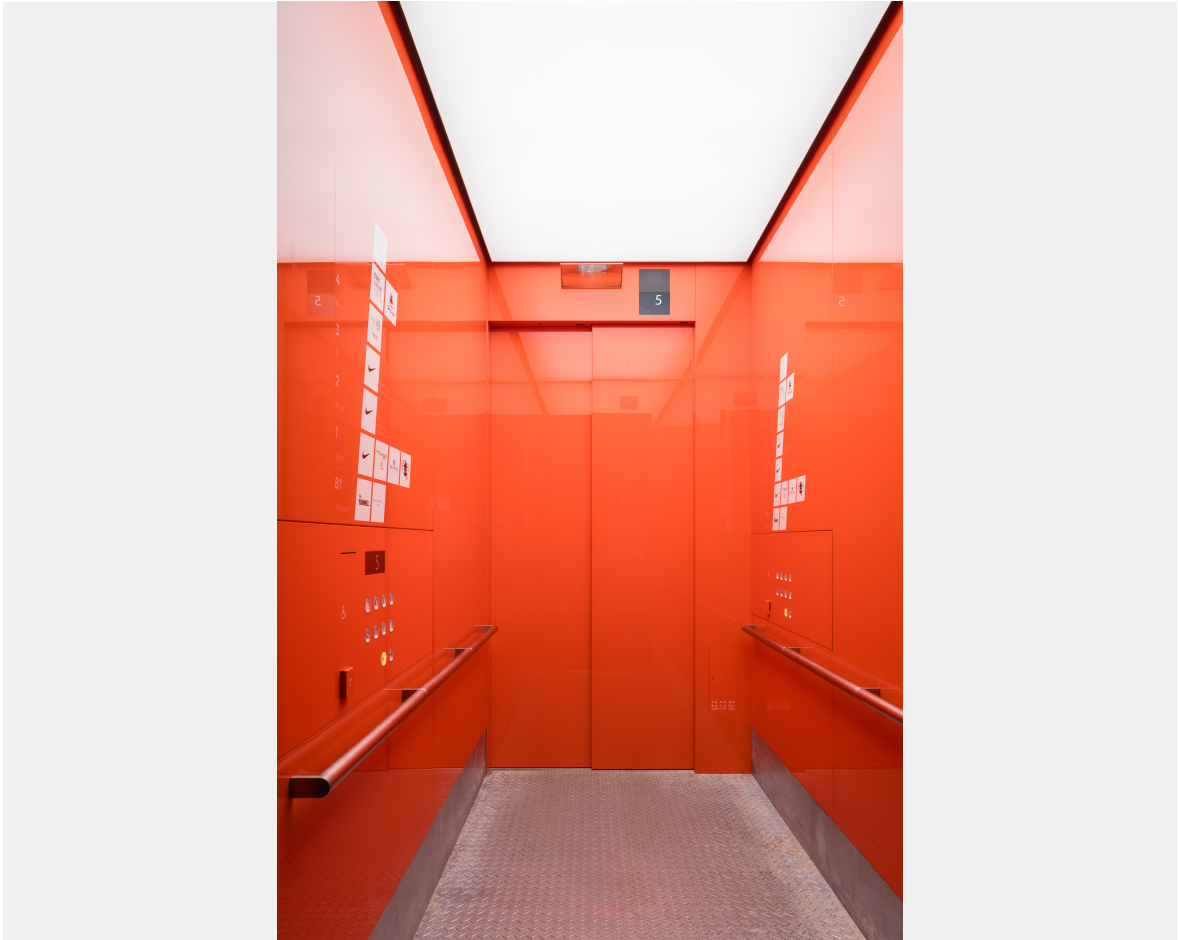

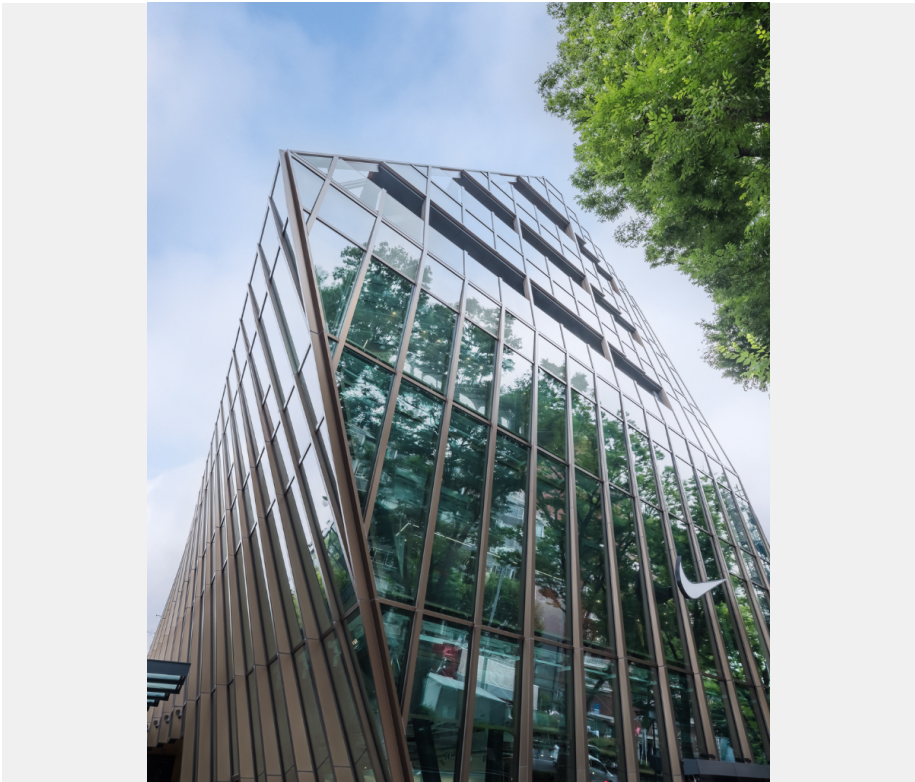

2025

Total units

Elevator 4
Escalator 4

Harajuku Quest is a mixed-use commercial complex located in the Harajuku and Omotesando area. Relunched as a facility that bridges the distinct characters of Harajuku and Omotesando, it features retail shops, restaurants, service outlets, and offices. It is characterized by an iconic exterior that harmonizes with the lively atmosphere of Omotesando and with passageways designed to enhance the flow of pedestrians through the area.

Fujitec supplied four (4) elevators and four (4) escalators for this facility. The elevators feature a design that incorporates accents of orange and employ cars equipped with doors at the front and rear sides and with mirror-finished panels to create a sophisticated appearance. Additionally, the escalators feature orange glass panels, creating an energetic transportation space that harmonizes with the facility's overall design concept.

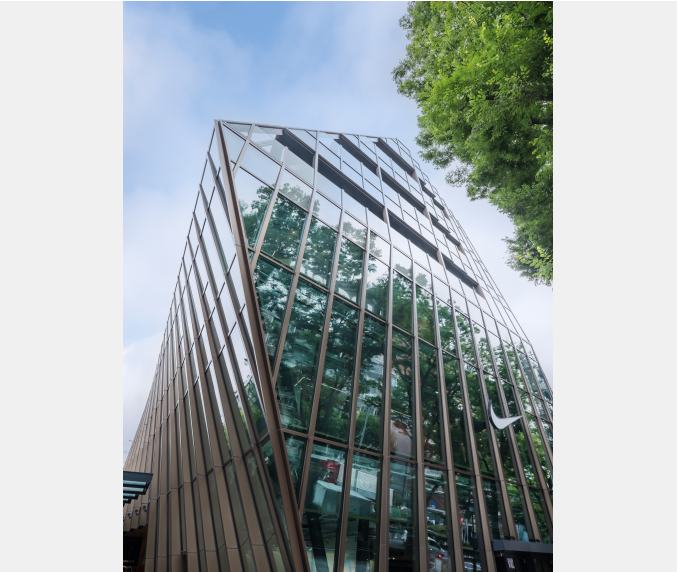

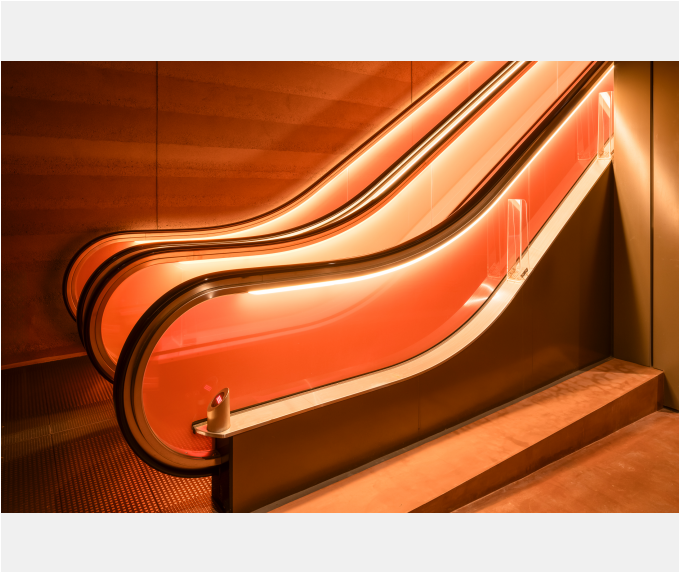

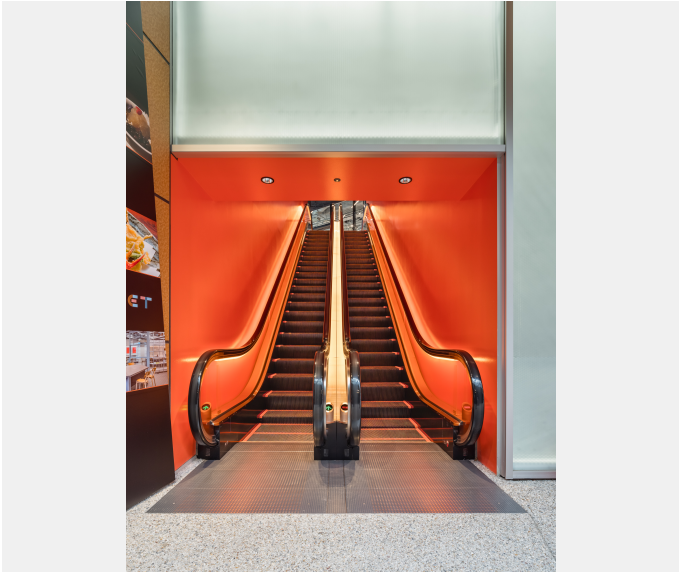

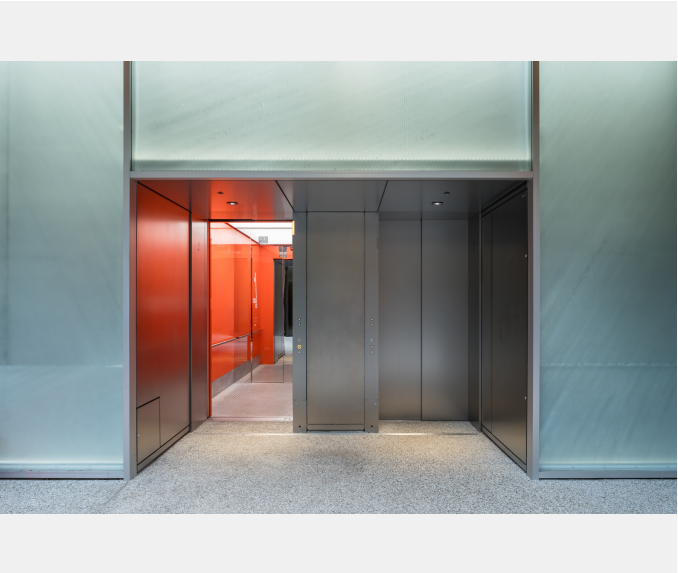

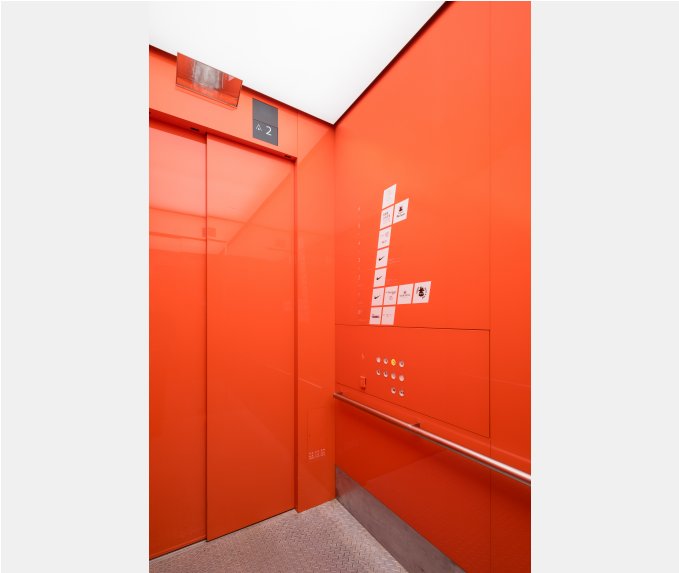

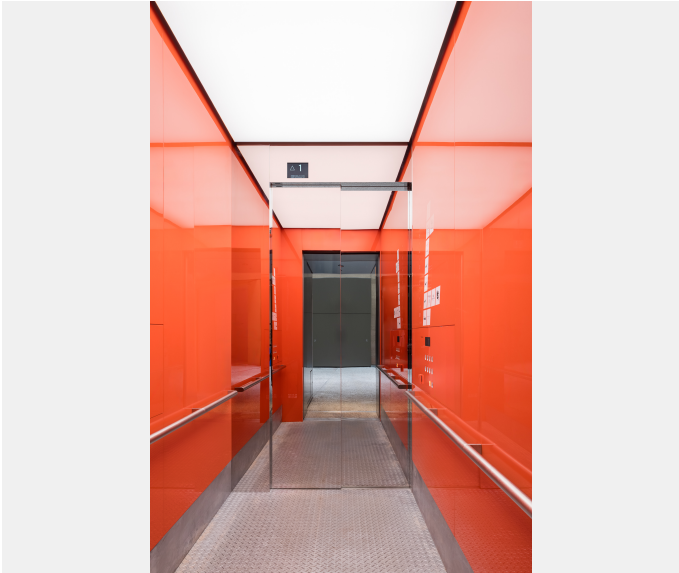

Owner	NTT Urban Development Corporation H-QUEST TMK (Tokutei Mokuteki Kaisha)
