FUJITEC

Building name	Location	Completion	Total units
Kyoto Omuro Kadensho	Kyoto, Japan	2026	Elevator 3

"Kyoto Omuro Kadensho" is an accommodation facility located in the Omuro area near the World Heritage Site of Ninnaji Temple. By blending Japanese-style spaces that evoke the traditional beauty of Kyoto with modern comforts, the facility offers visiting guests a peaceful and relaxing stay.
Fujitec supplied three (3) elevators for this facility. The elevators create a unified Japanese-style space from the tatami-mat-floored lobbies to the interior of the cars. Additionally, doors with different designs are used on each floor to convey a distinct atmosphere for each level. Furthermore, wood accents are incorporated into the entrances of both the lobbies and the cars, resulting in a warm design that harmonizes with the traditional Japanese ambiance of the facility.
