The Nusantara International Convention Exhibition Center is an international conference and exhibition facility located in Tangerang, a city near Jakarta, Indonesia's capital. It accommodates a wide range of events, including international conferences, exhibition fairs, various other events, and concerts, and serves as the core of the MICE (Meetings, Incentives, Conventions, and Exhibitions) functions in the area.

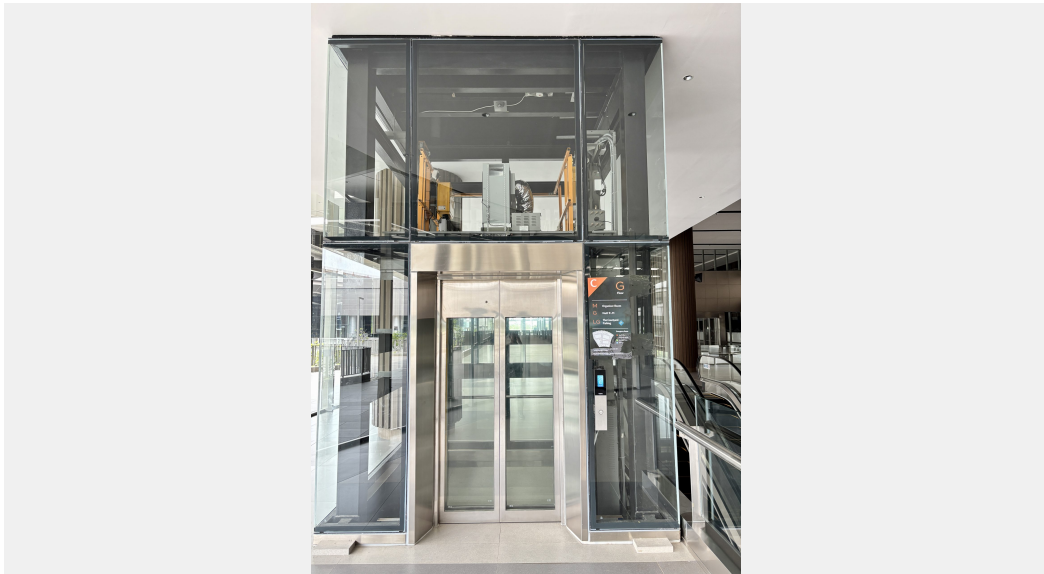

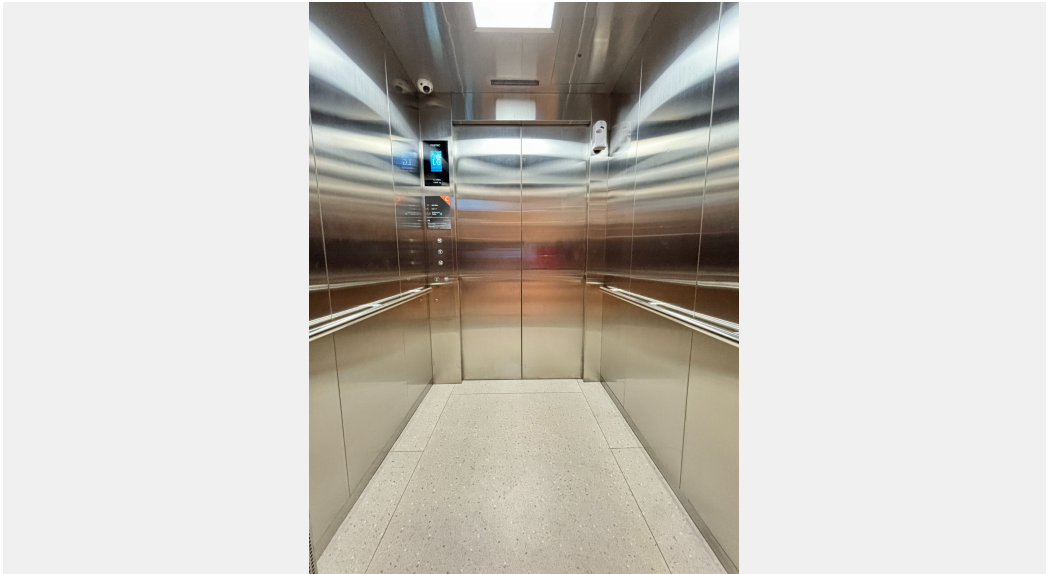

Fujitec has supplied twenty-four (24) elevators and twenty-two (22) escalators to this facility. The elevators feature a simple, high-quality design primarily using stainless steel, harmonizing with the facility's sophisticated space. The escalators guide the large number of exhibition visitors smoothly to their desired floors, ensuring a comfortable movement experience.
