Located in Enshi Prefecture, Hubei Province, the Hefeng Wulong Shanshui Scenic Area is a destination rich in natural beauty, surrounded by stunning valleys and sheer cliffs. Nestled around a beautiful mountain lake, it has become a new landmark for ecotourism.

Fujitec supplied four (4) elevators and ten (10) escalators to this facility, which features four tourist boat docks and related amenities. The escalators consist of two (2) 24-meter-high units, two (2) 18-meter-high units, and six (6) 14-meter-high units.

These installations incorporate advanced weather-resistant and waterproofing technologies to withstand the harsh outdoor environment of the valley. Furthermore, they are equipped with the cutting-edge safety features essential for escalators operating across significant elevation differences.
