ELARABY Residence Compound	New Cairo, Egypt	2024	Elevator 34

ELARABY Residence Compound is a residential complex located in New Cairo, Egypt. It consists of fifteen (15) villas, fifteen (15) buildings, and a clubhouse.
Fujitec supplied thirty-four (34) elevators for this project. The deep brown marble-effect finish harmonizes beautifully with the stainless-steel doors and operating panels, creating a high-quality and sophisticated impression. The interior of the cars features a simple, clean design based on stainless steel, lending a sense of unity to the entire space. Along with a design that enhances the building's elegance, these elevators support comfortable transportation every day.
